Summary

I am Prasad Shaswat, a passionate technology enthusiast with a strong interest in cybersecurity and coding. Currently pursuing a B.Tech. degree in Computer Science Engineering from Parul University, I am dedicated to expanding my knowledge and skills in these fields.

I have a solid foundation in Java programming and possess a good understanding of Object-Oriented Programming (OOP) concepts. In addition, I am also proficient in the C programming language and have experience in video editing.

Being a quick learner, I actively engage in self-study and seek opportunities to enhance my expertise. I am a member of the Coding Club, where I collaborate with fellow enthusiasts to explore new technologies and solve coding challenges.

Outside the realm of technology, I have a variety of hobbies that help me unwind and stay inspired. I enjoy reading biographies, as they provide valuable insights into the lives of accomplished individuals. Music is another passion of mine, and I find solace in its melodies. Additionally, I also indulge in playing a few video games during my leisure time.

Education

Parul University
Bachelor's degree, Computer Science · (July 2022 - September 2026)
